i) Warranty :

- The equipment carries a warranty of 12 months and Lexy Printinnovate Private Limited's labor warranty of 12 months from the date of installation.
- The equipment shall be free from defects in material and workmanship under normal use in unmodified condition. This warranty is conditional upon the seller being notified promptly in writing of any defect once it has become apparent.
- However, warranty does not cover consumables like Print heads, Ink Pumps, Filters, etc.
- This warranty however does not cover normal wear and tear, any defects due to abnormal working conditions, failure to follow seller's instructions, alterations or repairs not authorized by the seller in writing , defects due to the users improper installation or maintenance, accidents, negligence or misuse or exposure to site conditions which are outside the normal environmental and power supply limits.
- During the warranty period any parts that need replacement would be obtained by the seller from the manufacturer free of charge. However freight charges, customs duty, other fiscal levies and clearing/handling charges applicable will have to be borne by the customer. These will be invoiced to the customer, if the parts are imported and supplied by Lexy Printinnovate Private Limited. Defective part shall be returned back by the customer to the manufacture.
- During warranty period support, boarding, lodging, traveling and transport charges of our Engineer will be payable by the customer.

j) Installation & Commissioning:

- Under normal circumstances, Lexy Printinnovate Private Limited shall be responsible for installing the machine at the customer's site and performing the applicable standard commissioning tests. Installation & Commissioning shall be deemed complete when all commissioning tests have been performed successfully.
- Preparation of the site including the provision of required utilities such as electricity is the responsibility of the customer. For equipment imported and delivered by us, the equipment shall be delivered to the warehouse/main entrance of the installation site as designated by the customer. It is the responsibility of the customer to bring the machine to the exact installation site. For sites other than on ground floor, it is the responsibility of the customer to arrange for the lifting/moving of the equipment to the required floor level/location.
- During installation boarding, lodging, traveling and transport charges of our Engineer's/s' will be payable by the customer.

k) After Sales:

- A team of trained and experienced technical staff is available with us to provide after sales service and repairs. Free maintenance would be provided by us during the period of warranty. Travelling and transport charges are payable by the customer except if the Engineer is available in station.
- First line of services will be offered by Lexy Printinnovate Private Limited technical staff who have undergone specialized training. The second line of service would be offered by the Regional Engineers, whenever it becomes necessary.
- We recommend you to enter into a Service Agreement with us on the expiry of the warranty period to ensure that the equipment is maintained in good working condition. A copy of the service agreement could be made available on request.

l) Customer's Responsibilities:

- The customer is responsible for operating the equipment in accordance with the manufacturer's instructions.
- Accepting the seller's sole judgment as to whether the faulty part is defective in material or workmanship.
- Not carrying out any repairs or maintenance of the equipment without the written consent of the seller.
- Providing safe and full access to the installation to the seller's staff and to those engaged by him.
- Ensuring that between regular maintenance visits by seller's staff any instructions given by them for keeping the installation in good condition are complied with.
- Signing the Field Service Report on the conclusion of a service, repair or maintenance.

m) Training:

- Training will be provided to the customer's staff in the operation of the equipment according to programs and times scheduled by Lexy Printinnovate Private Limited at customers' convenience.
- Training will be provided to the Customer's staff to further train to the people under them.
- The Travelling Charges, Accommodation, Conveyance Charges and training charges are applicable for the Company's Training and Trainers.
- Full Training about the Technology, Machinery, Chemicals and about the multiple use of the Lexy Technology will be provided.

n) Spare Parts and Stock of Consumables:

- At present, we are carrying a stock of essential spare parts recommended by the manufacturer. Parts outside our inventory will have to arrive from our Principals (subject to availability of stock).
